Subject: Re: Verified Accounts

Thanks for the quick response! I will definitely do that for the @LAPDhollywood account. However, I did fill that form out for the @lapd2014 account about 2 weeks ago and never heard back regarding the status of the request. Is there any form of follow up I can do to expedite this process. Believe it or not, verifying accounts is serious business within the LAPD, so I want to make sure I come through on my command staffs request. Thank you in advance!

Hi Matthew,

For the verification requests, we recently streamlined the process. Go to verification.twitter.com and include gov@twitter.com in the final field of the form so we can track your requests progress. Feel free to reach out to us there with any issues.

Thanks.

Good afternoon Bridget,

I hope all is well with you. I have been assigned to more accounts to get verified. If there's anyway you could assist me in getting these to Los Angeles police department official Twitter accounts verified it would be greatly appreciated. I've included their handles below. Again if there's anything I can do to better facilitate or expedite this process please do not hesitate to let me know.

@lapd2014- LAPD Captain Cory Palka

@LAPDhollywood- Official LAPD Twitter account for the LAPDs Hollywood Area.

Police Officer III
